Dear Sir/Madam,

Application for the Position of a Programmer.

I am writing to apply for an internship to pursue a software programmer position advertised in the Jobstreet dated 25 February 2019. As requested, I am enclosing a completed job application, my resume and two references. I hope can be a part of progressive organization that provides an opportunity to enhance my technical skills and abilities in the field of software engineering.

The opportunity presented in this listing is very interesting, and I believe that my strong technical experience and education will make me a very competitive candidate for this position. The key strengths that I possess for success in this position include:

- I have successfully learned many types of programming languages such as C, C++, java, and C# (ASP.NET)
- I also have successfully designed, developed use HTML, CSS, JavaScript and PHP
- I strive for continuous excellence

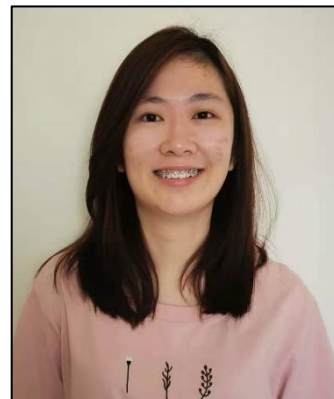

With a Bachelor of Computer Science (Software Engineering) with honours, I have a full understanding of the full life cycle of a software development project. I also have experience in learning and excelling at new technologies as needed.

Kindly please refer to my resume for additional information on my experience. I would like to schedule a preliminary interview with you at your earliest convenience or I can be reached anytime via my phone and email as stated above. Your immediate response is highly appreciated. Thank you for your time and consideration.

Yours sincerely,

(CH'NG SHU WEN)
